

# New Agent & Customer Portals

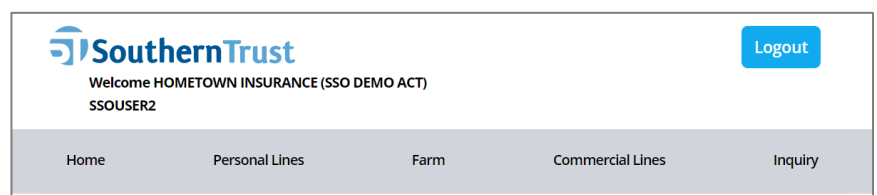

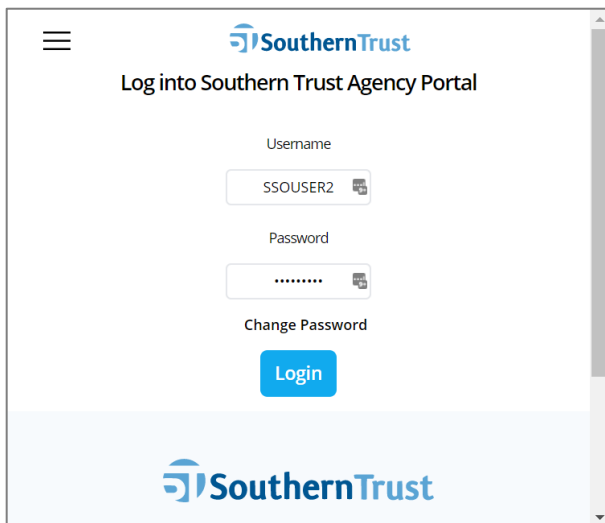

Southern Trust is introducing new portals with improvements for both you and your customers

Your customers can click “LOG IN” on the Southern Trust website to view policies, make payments, and perform other tasks.

You can click “AGENT LOGIN” to access all systems with a single username and password.

After you log in, you will see options for the lines of business that you write with Southern Trust.

Simply click on the line of business name and you'll go directly to that system without logging in again.
